### LIFE SUPERHERO: HEROTILE-based roofs as a best practice for climate adaptation

#### About the workshop

LIFE SUPERHERO (Sustainability and Performances for HEROTILE-based Energy Efficient Roofs) is a LIFE Programme project that aims to promote the use of **ventilated** and **permeable roofs**, built upon the innovative HEROTILE roof tiles, as an effective solution for climate change adaptation and mitigation.

During the event, project partners will showcase the **features and benefits of HEROTILE-based roof technology**, best practices for its implementation, and the digital tools developed, including the HU-BES platform and the software for life cycle analysis (LCA) and life cycle cost (LCC) assessment of HEROTILE-based roof.
